

HAITI CONSULTATION

Sunday, April 6, 2008, 4:30 PM

Haiti is one of the most impoverished countries in the world. Chronic political unrest, Voodoo practice, and corruption plague the nation. In the midst of all of this, there is a Christian witness, the Gospel is being preached, and people are being saved.

The Michigan Black Disciples Caucus of the Christian Church (Disciples of Christ) Michigan Region cordially invites you to hear first hand of the work for Christ being done in Haiti by the local churches in partnership with Global Ministries.

The Reverend Patrick Villier

Our guests
